VAMPIRE GAME

The Story Thus Far...

This is the tale of the Vampire King Duzell and his quest for revenge against the good King Phelios, a valiant warrior who slew the vampire a century ago. Now Duzell has returned, reincarnated as a feline foe to deliver woe to... well, that's the problem. Who is the reincarnation of King Phelios?

Their quest has taken them to Mil Seil, the vilest corner of greater Pheliosta. Here you can find all manner of monsters lumbering around, like zombies and politicians (who are often one and the same). However, none are more wicked than the evil Lord Lassen. Lassen desires the Pheliostan throne, no matter whom he has to kill to obtain it. He's managed to keep the people of Mil Seil in line through terror tactics, most stemming from his control of the Once Fallen, the nightmarish undead knights of the conquered nation of Lodoc. The Once Fallen have sworn allegiance to their former queen, the Lady Lailis, and as long as Lassen has her locked up in his tower, the Once Fallen will do whatever he says.

Little did Lassen know that Lailis had been hatching a plan of her own, one that involves our favorite vampire king. Lailis is the reincarnation of Duzell's former lover, Rishas, and she's the jealous type. She's not happy about Duzell traipsing around the kingdom with Princess Ishtar, and if Duzell isn't willing to reclaim his title of King of the Undead, she's more than happy to claim it in his place. With the help of the vampire Sharien, Lailis has become a vampire herself and has reclaimed command of the Knights of Lodoc, ordering them to attack her former captor, Lassen.

Sharien's been busy, as well. He's cast a spell on Ishtar's cousin and close friend, Falan, rendering her unconscious. And the problem with vampire spells is that they can only be lifted by the vampire who cast them...

IF CIVIL WAR DOES BREAK OUT, MIL. SEIL WILL SIDE AGAINST LADY ISHTAR.

BUT...

HE'S NOT COMPLETELY CONSCIOUS, BUT HE ASKED ABOUT HER HIGHNESS.

OUR OTHER PATIENT IS STARTING TO COME AROUND.

Next Volume...

The pieces are in place as the players ready themselves for their final moves in this no-limit game. At stake is the throne of Phelosta, as well as the livelihood of our favorite princess, Ishtar. However, while her male blood relatives may have once seen fit to win the throne by winning Ishtar's heart and hand, they've now decided that when it comes to love and war, war is the far less painful choice (at least when it comes to Princess Ishtar). The line has been drawn, sides are being chosen, and in the middle is Ilseide, the powerful warrior who just happens to be half monster. He's strong enough to tip the scale in favor of whomever he aligns with, but will he choose Ishtar...or Lassen?
